MITCHELL A. LOMKE, DDS
OLNEY
Laser and Aesthetic
DENTAL CENTER

All Our Valued Patients:

Dr. Mitchell A. Lomke has attained educator status with the Academy of Laser Dentistry. He has advanced training and technical skills that many other dental offices do not provide. Dr. Lomke teaches and provides an Academy of Laser Dentistry approved certification course for dentists in laser surgical applications, not only in the Maryland, D.C. and Virginia areas, but also from around the world. To date there are relatively few dentists that have attained this level of expertise.

Many dental insurers have not kept up with recognition of laser surgical procedures such as laser gingivectomy, laser curettage, as well as other of these type procedures. The advantage of these procedures is that the periodontal care can be performed in our office and in many cases in one procedure without using traditional scalpels and suturing.

Our office must inform you that dental insurance companies may not cover some of these procedures, although in the future it is hoped and anticipated that this type of coverage will be recognized.

I have read and understood the above information.

POLICY OF PAYMENT FOR DENTAL SERVICES

We are committed to providing you with the best dental care.

If you have dental insurance we are eager to help you receive the maximum allowable benefits. In order to achieve these goals, we need your assistance and your understanding of our payment policy.

Payment is required at the time of services. We accept cash, personal checks, VISA, MasterCard, Discover and American Express. In the event that the courtesy of filing your insurance claim is extended to you, you must realize that all charges are your responsibility from the date of service rendered. Due to the ever-changing health laws and regulations, we cannot guarantee that all services rendered are covered by your insurance policy. In the event your insurance does not cover our services, you will be responsible for payment.

It is our office policy that when a tooth (or teeth) is prepared for a cast restoration (crown or inlay) and a temporary restoration (or temporary crown or temporary bridge) is placed, the patient incurs one half of the crown and bridge fee at that time of preparation.

Dr. Lomke has achieved advance proficiency status with the Academy of Laser Dentistry. Many laser procedures performed may not be covered by conventional dental insurance, and will be the responsibility of the patient.

If you have any questions about the above information or any uncertainty regarding insurance coverage, please do not hesitate to talk to us.

Please sign below to indicate that you read and understand our office policy of Payment for Dental Services.
